linassi

Conditions to be provided by the customer:

POWER CABLE: Designed as a complete plug-and-play solution, the sauna is delivered fully assembled and ready for immediate use. Only a 400V 16A-6h IP44 female connector is required. The sauna is supplied with a matching compatible connector, allowing for a simple, safe, and user-friendly electrical connection. No additional assembly is required.

FOUNDATION: Flat and solid; a reinforced concrete slab, matching the dimensions of the sauna, with a thickness of 15 cm.

INSTALLATION: Accessibility to the installation site for crane delivery must be checked and ensured. **IMPORTANT:** It is the customer's responsibility to arrange for the crane or other delivery means and to clarify all requirements for installation in advance.

DELIVERY & ASSEMBLY: Each sauna is fully prefabricated, technically inspected, and function-tested in our factory prior to delivery to ensure flawless quality and functionality. Delivery is organized by truck to the nearest local logistics company equipped with a crane truck in the customer's area. From there, the customer arranges the final transport and placement of the sauna at the desired location.

Generally, the customer is responsible for organizing all installation measures unless otherwise agreed. Final setup is carried out by the customer. The sauna is designed as a complete plug-and-play solution and is delivered ready for immediate use.

FACADE: Premium mountain larch, Adler® noir finish, UV & weather resistant, dynamic facade: horizontal slats.

PREMIUM METAL ROOF: High-durability snow protection, engineered for extreme hail protection, resistant to extreme weather conditions, fire-safe roofing materials, advanced corrosion protection.

INTERIOR WOOD: Massive FSC® certified linden wood interior.

GLASS: Reflective privacy glass front, wide-angle panoramic window, heat-tempered glass Protection.

RESTROOM: Massive durable wood bedframe system or luxury handcrafted wooden loungers.

DOOR: Woodcrafted waterproof doors with integrated locking.
